SUMMARY

M.Sc. Computer Science student with strong foundations in Data Structures, Algorithms, and Full Stack Development. Experienced in building scalable web and AI-driven applications using cloud platforms like Google Cloud. Passionate about Software Engineering with hands-on experience in real-time projects and problem-solving.

EDUCATION

University of Madras, Guindy Campus M.Sc. Computer Science Chennai	Pursuing
Prof. Dhanapalan College B.Sc. Computer Science – 87%	2022 – 2025

TECHNICAL SKILLS

- Languages:** Java, Python, JavaScript
- Core CS:** Data Structures, Algorithms, OOP
- Web:** HTML, CSS, React, Node.js
- Database:** MySQL, Firebase
- Cloud:** Google Cloud, BigQuery, Vertex AI
- Tools:** Git, GitHub, REST APIs

PROJECTS

<u>AI Self-Learning Analytics Platform</u>	2026
- Developed AI-powered analytics platform using Google Cloud tools. - Processed large datasets using BigQuery and improved data analysis efficiency. - Integrated Vertex AI for predictive insights and optimized learning outcomes.	
<u>Smart Venue Management System</u>	2025
- Built intelligent system to optimize booking and resource allocation. - Improved scheduling efficiency using automation and real-time updates.	
<u>ProjectPilot – AI Project Management System (Python, ADK, API)</u>	2026
- Developed an AI-powered project management system using Python with API integration. - Implemented ADK-based AI agents to automate task tracking and workflow execution. - Built REST APIs for managing project data and enabling real-time updates. - Applied concepts from Google’s AI Agents course to enhance automation and productivity.	

ACADEMIC EXPERIENCE

- Led a team of 5 developers to build a real-time web application.
- Debugged and optimized application performance.
- Collaborated in coding and technical discussions.

CERTIFICATIONS

- Google – Crash Course on Python
- Google Cloud – Responsible AI
- Microsoft – Web Development

ACHIEVEMENTS & ACTIVITIES

- Completed 224+ hands-on labs on Google Cloud Skills Boost platform.
- Attended Google Cloud Next 2026, gaining insights into AI and cloud technologies.
- Active member of Google Developer Groups (GDG) and Women Techmakers (WTM).
- Selected participant in AI-based events and virtual hackathons.
